

Today's Lexi Level (Lexel)

Encumbered. Burdened with the weight of reality, and fur.

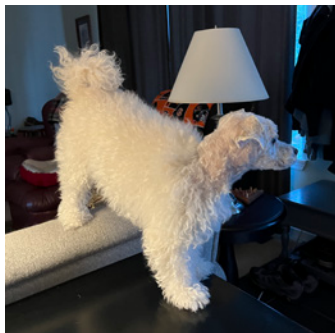

Functioning. I'm at work and I'm wearing pants, what more do you want?

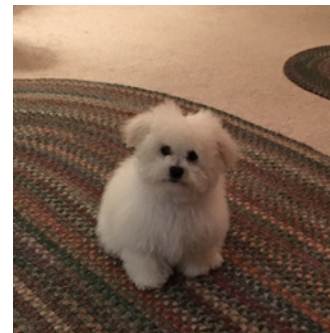

Hopeful. I can feel the fog beginning to clear. Things are looking up.

Boss babe. Sassy, capable, a little cold but it's fine.

Trepidatious but willing to explore the outer realms of the comfort zone.

I'm baby.
